Additional Opportunities

BREAST IMAGING

CAMRT offers a Certificate in Breast Imaging (both Screening and Diagnostic)

CancerCare Manitoba (CCMB) - Breast Check

- Screening mammography – certificate to be obtained *after* hire of permanent EFT Contacts:

kbumstead@cancercare.mb.ca	204-788-8630
tjackman@cancercare.mb.ca	204-788-8269

Breast Health Center

- Diagnostic mammography and stereotactic biopsy
Apply to Shared Health Clinical jobs - Keyword Breast Health

Additional Opportunities

COMPUTED TOMOGRAPHY

CAMRT offers a certificate in CT

* as of January 2021, new graduates from RRC's MedRad program are eligible to apply for prior recognition of learning (PLAR) for CAMRT's CT Imaging 1 course (see CAMRT website) 2 more to follow

Check unions and site for reimbursement

CT employment *may* be available to new grads at certain sites depending on need

Additional Opportunities

Rural X-Ray / Lab Cross- Training

- Permanent hires at smaller rural facilities will be cross-trained in laboratory skills (and vice versa - Lab/X-Ray)
- Larger rural sites such as Selkirk, Thompson, Boundary Trails are not included in the cross-training process
- Cross training is a six month course consisting of theory at RRC and practical training usually at the site of hire
- MRT's will be competent to work in both lab and x-ray as well as work independently on call in the off hours on site
- Some technologists train at multiple sites depending on volume and location

Rural Opportunities Continued

- Brandon is a large site with MRI, Nuclear Medicine, Mammography, Ultrasound, Echo Cardiography, Bone density, CT, General duty x-ray.
- It is recommended that students apply to positions at rural sites before graduation

Additional Opportunities

MRI & ULTRASOUND

- Programs offered through RRC
- MRI is an eight month course
- Ultrasound two year diploma program
- Interventional – Certificate- CAMRT

Shared Health Service Expansion

- Shared Health is ramping up to expand diagnostic imaging services in Manitoba.
- New opportunities will also open up across the province as people leave the workforce.
- It is anticipated that job opportunities will be available at various sites.
- Keep you eyes and ears open...watch for job postings!

Summary

Employment Opportunities for X-ray Technologists in the very near future:

- Interlake Health Region-Arborg, Eriksdale, Pinawa - Term positions
- Northern Health Region-1.0 EFT Gillam, .6 EFT Flin Flon, 2.0 EFT Thompson
- Southern Health Region- Boundary Trails- 2 indefinite term positions
- Prairie Mountain- expected vacancies in Dauphin, Neepawa, Killarney, Virden, and Swan River
- Concordia Hospital- 2.6 EFT CT and X-ray positions
- St. Boniface Hospital- possible 4 X-ray and 2 CT positions
- HSC- CT Technologist positions – date and EFT to be determined
- Grace Hospital- X-ray positions - date and EFT to be determined

Employment Process

How Do I Apply?

On the **SuccessFactors** system - <https://careers.wrha.mb.ca/>

- Shared Health uses a system called SuccessFactors for viewing job postings and submitting applications
- SuccessFactors will make it easier for managers to fill positions quickly
- Will reduce the potential for mistakes or delays. The new system also offers conveniences that will benefit job applicants

How Do I Apply?

- You can create an external profile. You will be able to add to this profile so it contains all the information you want to share when you are considered for a job. You will be able to edit this profile whenever you want and add documents such as your resume and cover letters
- You will also be able to set up “job agents” (alerts) so you are notified by email any time a posting that matches your job agent settings becomes available
- When you want to view or apply for positions, you will log into your profile using your user name and password
- If you are already a Shared Health or WRHA employee (e.g. HCA, an internal profile will be created for you)

How Do I Apply?

- Remember: Job postings are typically open for 7 days only
- It's important to be ready to apply when a job that interests you becomes available!

What Happens Next?

- Application reviewed against the qualifications of the position
- HR will contact you if you are qualified to go through the assessment recruitment process

More Questions About the Position?

- Call the Human Resources Department
- Speak to the Manager of the Unit

Thank You!

- Good luck in your careers!
- Questions?

Join the fight against COVID-19!
